

TFK programme, funded projects 2026

Project title: InnovateRebuild: Practice-Based Learning for Ukraine's Recovery	
Coordinator Metropolia ammattikorkeakoulu Oy Pekka Hirvonen Pekka.hirvonen3@metropolia.fi	The project strengthens cooperation between Metropolia (Finland) and SUET (Ukraine) by co-developing and integrating practice-based innovation learning. A proven 10 ECTS course will be adapted to the Ukrainian context and implemented through teacher training, mentoring, and a pilot course addressing real reconstruction challenges. The project will train 5 teachers, implement 1 pilot with ≥15 students, and engage 3–5 external partners. The course will be embedded into SUET's curriculum and delivered annually, expanding to additional departments. The project builds long-term institutional capacity and supports Ukraine's recovery by aligning higher education with European practice-based learning standards.
Partners State University of Economics and Technology
